

Landscaping & Lawn Care

Fleet Management Solutions

Keep Your Team Moving with Real-Time Visibility

Power up your team with real-time fleet tracking. Geotab's open fleet management platform offers the insights you need to keep business moving and make customers happy. The Geotab GO9 GPS tracking device captures rich, second-by-second data on position, speed, trip distance/time, speeding, idling, and much more. Increase productivity with geofencing, accurate ETAs, and dispatch nearest driver feature. Telematics can also help you reduce costs and improve driver safety. Affordable, reliable, and mobile-friendly — Geotab is ideal for businesses in landscaping, lawn care, and maintenance.

The Geotab Advantage

- + Complete visibility of workforce, assets, and costs
- + Track fuel usage & idling trends
- + Compare personal vs. business miles
- + Route optimization & driver safety scorecard
- + High-performance GPS technology
- + Advanced dashboard reports
- + Open platform for easy data integration
- + Marketplace apps & add-ons

Protect Your Assets With IOX Bluetooth

- + IOX add-on for tracking tools and equipment.
- + Monitors proximity beacons with public MAC addresses.
- + Supports sensor data from select beacons.
